Whats Happening this January

Pryohy Making

Thursday January 5th and Friday January 6th

Pierogi perogi, pierogy, perogy, pierógi, pyrogy or even Varenyky. It doesn't matter what way you sound it out or what word you use to describe it, these dumplings are delicious! Join Karena and her Mom, Sharon, for this two day adventure of making Pryohy (we sound it out as Pedehe). Our family tradition is to make cheddar cheese and potato filling and surround it with a great tasting dough, boil them and finally add some good old sour cream. Over the years I have heard of many ways that you have enjoyed these yummy dumplings so come up to the Hobby Kitchen and let us know how you used to make them and we'll show you our families tradition.

A Year in Review by Video

Monday January 9th

You might have seen Dave MacDonald from our head office out and about this past year taking video of all kinds of great events and even spending some time to film some residents. He has made some amazing video's of the Hallmark Community over the year and he is coming to show them to us!

Yale Secondary Turkey Luncheon

Saturday January 14th

The Leadership students from Yale Secondary School have planned an amazing afternoon for all of you. They are coming Hallmark to pick everyone up in their very own school bus and the students will be spending their day making a wonderful Turkey Dinner for you to have for Saturday lunch. Please make the time to come to this fantastic event that the students have worked very hard on planning just for you! Please note that those needing transportation by wheelchair will be taken on the Hallmark bus.

Hallmark Documentary Presentation

Thursday January 19th

Over the past couple of years Hallmark's head office has been working diligently on a documentary, made about seniors and specifically seniors from our Hallmark Community. Come and see this amazing presentation and hear the stories about how it came to be!

Wellness Workshop: "Bugs, Mugs and Hugs"

January 31st

Join us as we present all about viruses and infections; how we get them and how we can prevent them!
